Shipping and Freight

Puccini Natural Stone by Duratile currently utilizes Fed Ex and UPS for both LTL and ground shipments. If you wish to ship on our account, freight charges will be placed on invoices. You may also use freight carriers you pay directly. If damages occur while a DuraTile account was used, please contact customer service immediately and photograph the damaged material. That will enable us to file a claim. Upon approval of the claim, we will reimburse the damaged material up to the total cost of the invoice. You may re-order the damaged material with a new purchase order. For orders shipped on other accounts, filing claims and reordering damaged material will be your responsibility.

Tower Guide

EXPRESS YOURSELF

Our new Tower will consist of 162 Items & 39 Concept Boards. In order to keep it in an organized fashion , we have created a system to keep it in order.

Each Panel has a letter on the Top Right :
A(Black Ink), B (Red Ink), C (Green Ink) ,D (Blue Ink) .
That indicates the Side .

Side A = SA , Side B =SB , Side C = SC , Side D = SD

Each Panel has 4 Columns. Column 1 =C1 , Column 2 = C2 ,
Column 3 = C3 , Column 4 = C4

Each Panel has 5 Rows. Row 1 = R1 , Row 2 =R2 , Row 3
=R3 , Row 4 = R4, Row 5= R5

Each Hanger has 3 Items .

T = Top , M= Middle , B= Bottom

There will be four boxes included with the Tower ,
each will be labeled: Side A, Side B, Side C, Side D.
They will be packaged in a particular order. All sides
will start with Row 5 packaged on top and will pro-
ceed to Row 1. 3 Cards will come packaged in clear
shrink wrap, each wrapped set will be for a Side, Col-
um, and Row. They already come in the correct or-
der: Top, Middle, Bottom. Once unwrapped they can
be placed on the hook.

How to read the back label on Tower Cards

On all of our tower and concept boards there is a label that has all the information for that item.

1. Puccini Logo— It speaks for it self
2. Item Picture— Most of the products on the card are a small representation of the true piece. The picture depicts what the whole piece looks like.
3. Item Information— On this there will be a list of things. First the item # , next is the material . Marble , Ceramic , Glass , Slate ect. After that is the series name and dimensions. The last one is where the item is located on the tower . SA | CA | R5 | M means Side A , Column 4 , Row 4 and Middle card. All towers are label on the top with either side A,B,C, or D.
4. QR Code— Once scanned with either a Android or Apple device , the code will direct you to our new and improved website.
5. **DO NOT CHECK OUT. NO EXEPTIONS—Also speaks for it self.**
